Narbonne Baptists Note 2 Occasions

Two anniversaries will be observed by the Narbonne Avenue Southern Baptist Church this Sunday.

The church was incorporated 13 years ago this week. This is also the beginning of the eighth year for the pastor, Robert A. Wells. The church has grown from a "one-room" church to include a fully graded organization.

Plans are being made for presentation to the church to build a two-story educational building. This will include space for the nursery, beginner, and primary departments. The church offices will also be included in this new unit.

The membership of the local church is nearing the 1000 mark as the anniversary is observed. This growth has come about during this 13-year period. The church started with just 13 members in 1944. There were just over 200 members in 1950 when the present pastor came. The greatest year of growth came during the last year as nearly 300 new members were added. Recognition will be made of those charter members of the church at the Sunday morning service.

This Friday will be observed as a day of prayer. This will be observed in the 31,000 Southern Baptist churches in 44 states of the United States. It is a special day of prayer for foreign missions.

Youth Leader 'GOD THE CREATOR' IS TOPIC Slates Talk On 'Iadeog'

Neal Q. Vodke, leader of the junior church at the Religious Science Church of Redondo Beach will be guest speaker this coming Sunday.

He has studied extensively in the field of religious science and allied philosophies. He and Mrs. Vodke have been leaders of the youth church department for months.

Vodke has chosen as his subject title for this Sunday "Iadeog," which he will explain. "We can and should practice the science of 'Iadeogomy,'" he said. "We owe it to ourselves and indeed to mankind to spread the word of 'Iadeogomy.' Conformity to the basic concepts of the Iadeog can and will change your life for the better."

Tuesday evening at 7:30 in the classroom of the church, the college course, now in the fourth unit, will meet. This course is accredited.

Wednesday morning at 10:30 will be inspiration hour. Dr. Barnum will give a short lecture and invites questions and discussion from his listeners. There is a baby-sitter.

'GOD THE CREATOR' IS TOPIC

"God the Only Cause and Creator" is the subject of the Lesson-Sermon in the Christian Science churches on Sunday. "Every house is built by some man; but he that built all things is God," declared Paul to the Hebrews (3:4) in the words which comprise the Golden Text of the sermon.

From the words of Isaiah a selected passage in the lesson reads, "For thus saith the Lord that created the heavens; God himself that formed the earth and made it; he hath established it, he created it not in vain, he formed it to be inhabited: I am the Lord; and there is none else" (45:18).

A passage from "Science and Health with Key to the Scriptures" by Mary Baker Eddy, follows with this statement: "The creative Principle—Life, Truth, and Love—is God . . . This creation consists of the unfolding of spiritual ideas and their identities, which are embraced in the infinite Mind and forever reflected. These ideas range from the infinitesimal to infinity, and the highest ideas are the sons and daughters of God" (p. 502).
